

What CNTA does for you

As a community member:

- Provides education, informed knowledge, and explanations of processes in the nuclear industry
- Offers insight into safe operation and how nuclear is the “way to go green”
- Corrects inaccuracies, and strives to replace fears with facts about living/working near nuclear technology processes/facilities
- Supports local educators through events, training, and materials on nuclear missions

As a nuclear-industry employee:

- Advocates for the advancement of nuclear missions, sustaining and ensuring your career
- Spreads the truth about nuclear technology—especially past, present, and future nuclear processes and missions, of which you are an important part
- Facilitates the discussion of safe and effective use of nuclear technology in energy, research, and medicine.
- Provides factual answers to the questions “What do you do at SRS/Plant Vogtle?” or “Why is your nuclear job important?”

Citizens for Nuclear Technology Awareness, Inc., is an educational and advocacy group promoting the safe and effective use of nuclear power, nuclear research and nuclear medicine.

We provide education, networking, and a voice of understanding from a technical perspective in a world often influenced by inaccurate information and unwarranted fear.

**THE VOICE OF TRUTH
ON NUCLEAR MATTERS**

**Founded in 1991, we are
the local advocacy group
for all things nuclear.**

Why Join CNTA?

CNTA is unlike any other organization in the area. To be a part of CNTA is to be a part of the future of nuclear technology. We will help empower you to be an advocate for your career and your future in the nuclear field.

As a member of CNTA you will:

- Make connections with other industry professionals, locally and globally

- Have mentoring/mentorship opportunities with experts and company executives
- Make a positive impact for nuclear advancement through the opportunity to serve on various committees
- Be able to participate in community service/education outreach projects
- Have access to CNTA sponsored events & invitations to CNTA member exclusive events.

Members under the age of 40 may join at no cost. Other individual memberships start at just \$35 per year can be tax-deductible.

Membership information is available at:

<https://cntaware.org/join-us/>

CNTA Activities

CNTA has given more than 40 scholarships, totaling more than \$60,000 to students and teachers in the CSRA.

We conduct an Annual Blitz into area High Schools & have taught thousands of students nuclear fundamentals.

Teach Lifelong Learning classes at USCA on a variety of topics.

Present nuclear topics to civic and educational groups.

Host forums and meetings for elected officials and area stakeholders to learn about the Savannah River Site.

Engage hundreds of young professionals each year.

Participate in dozens of STEM activities and events each year.

CNTA has published hundreds of news articles, opinion pieces, and guest columns to dispel rumors and support important nuclear causes.

We reach over 30,000 households each year with Nuclear Science Week insert for the Aiken Standard.

CNTA Events

CNTA hosts many events throughout the year to accomplish our goals. Some of our recurring events are:

- Teller Lecture & Banquet
- Golf Tournament
- Tap into Nuclear
- Up & Atom Breakfast
- Members' Mixer
