A Southern Tradition Raises Funds for CNTA Young Professionals

The Citizens for Nuclear Technology Awareness (CNTA) Young Professionals Committee recently held a successful low country boil event as an annual fundraiser for the organization.

The event raised more than \$10,000 to support CNTA's outreach to young professionals, including free membership for young professionals and events like the Tap into Nuclear series.

Due to the Covid-19 pandemic, attendance was limited this year and tickets were not available to the general public. The evening included live music by Keith Gregory, raffles, and low country boil from JC's Seafood in Aiken. Newberry Hall provided sliders, chili, and cookies.

Savannah River Remediation (SRR), the liquid waste contractor at the Savannah River Site, was the platinum sponsor. At the event, SRR President & Project Manager Phil Breidenbach recognized the 2020 Robert Maher Memorial Scholarship winner. This scholarship is presented annually by CNTA, and sponsored by SRR, to a college student pursuing nuclear as their career. This year's winner was Shai'Anthony Huff, a nuclear engineering student at S.C. State University.

Gold sponsors of the event included Huntington Ingalls Industries, Model Performance, Southern Nuclear, and Savannah River Nuclear Solutions.

CNTA is an Aiken-based charitable educational organization dedicated to providing factual information about nuclear topics and educating the public on nuclear issues. For further information, call CNTA at 803-649-3456 or e-mail at cnta@bellsouth.net.
