**CNTA Recognizes ATC Nuclear Scholarship Recipient**

The Citizens for Nuclear Technology Awareness (CNTA) is proud to announce that the winner of the Aiken Technical College (ATC) Nuclear Scholarship recipient for 2022 is Brodee K. Stewart.

The recipient of this annual award, funded by CNTA, is a deserving second year student enrolled in a nuclear program at Aiken Technical College (ATC). The award was started in celebration of CNTA's 25th Anniversary in 2016. This scholarship is one of many CNTA provides to students and educators to support STEM education across the region.

Stewart, who is originally from Kahoka, Mo., is majoring in Radiation Protection Technologies at ATC and says he "couldn't be more excited" to start his career in the Nuclear Industry.

Stewart was one of many scholarship and award winners recognized at the 2022 Teller Lecture on November 1, 2022 at the Amentum Center for Performing Arts.

CNTA is an Aiken-based charitable educational organization that provides factual information on nuclear topics and educates the public on nuclear issues. For further information, call CNTA at 803-649-3456 or e-mail [cnta@bellsouth.net](mailto:cnta@bellsouth.net).
