

2026 SRMC Science Scholarship Application

Scholarship sponsored by
Citizens for Nuclear Technology Awareness (CNTA) and
Savannah River Mission Completion

2026-2027 Academic Year

Purpose

The annual scholarship assists students pursuing science and engineering degrees that support work conducted in the fields of nuclear technology and nuclear waste cleanup and science disciplines that support those fields. Scholarship amount that will be awarded is **\$10,000**.

Scholarship Eligibility

- Candidate must be enrolled as a junior or senior in the fall of 2026 at a university or college within the states of South Carolina or Georgia.
- Candidate must have at least a “B” average overall grade and a “B” average in science/engineering and mathematics for college level course work.
- Candidate must be pursuing a B.S. degree in nuclear science, nuclear engineering, an engineering or science discipline that supports work conducted in the fields of nuclear technology and nuclear waste cleanup and science. The student should show the disciplines that support those fields showing coursework and/or research directly or indirectly related to the nuclear field. Examples include: nuclear applications associated with chemistry or chemical engineering, environmental science or environmental engineering, materials science, mechanical engineering, etc. The candidate may also demonstrate their interest and involvement in the nuclear field by describing a summer research project or their junior/senior thesis topic (see page 3).
- Candidate must be a U.S. Citizen.

Financial Need

Financial need will be considered. The candidate may submit evidence of unmet need as part of the application.

Due Date

The application (including transcripts, letter of recommendation, and answers to the questions on pg. 3) must be received by Citizens for Nuclear Technology Awareness, Inc. (CNTA) by **July 31, 2026**.

Application sent by email is preferred.

Date of Birth: ____/____/____
Month/day/year

Sex: () Male () Female

Name and address of college/university: _____

Fall 2025 Enrollment Classification: () Junior () Senior

Current overall GPA: _____*

Current GPA for science/engineering/mathematics courses: _____*

*** Copies of transcripts from any institution of higher education you attended must be included in your application.**

What is your major discipline? _____

What (if any) minors do you have? _____

Do you wish unmet financial need to be considered? () Yes () No

(*Please attach any copies of financial forms submitted to your college or university only. Other evidence will not be considered.)

How did you hear about this award? _____

Submit resume/CV with honors & awards if you want them considered.

SRMC Science Scholarship - Page 3

Provide a letter of recommendation from an academic advisor, professor you have worked with, or other expert/academic, who could speak to your experience and interest in the nuclear field as you describe below.

In a .doc or .pdf document please answer the following:

1. Provide a summary of any work experience and/or thesis topics, which demonstrate your interest in a nuclear field.

2. How would this \$10,000 scholarship help you achieve your academic goals?

3. Describe your career goals.

I hereby authorize CNTA (scholarship administrator) to publish my name as a scholarship recipient and to release information from this application and from my academic records to parties involved in the selection of the scholarship recipient. CNTA and its selection committee will not make sensitive information available to anyone else without your knowledge and consent.
